ICON “Where is My Bus?” Mobile Application

Introduction

ICON “Where is My Bus?” is a simple and user-friendly application to assist the general public in knowing:

1. The whereabouts in real-time on maps of the next bus scheduled to arrive to a bus stop of your choice and the location of the Bus Stops relevant to your route. This will allow you to virtually eliminate the uncertainty about the actual arrival of the next bus to your stop by and anticipate delays and/or early arrivals.
2. The arrival time of the next bus to a bus stop of your choice
3. The arrival and departure times of the bus to the next stop along its current ride
4. The arrival time of the next bus to the last stop on the route/current ride.
5. The Application requires an internet connection between the Tablet or Smartphone and the central server; this can be achieved directly over the cellular connection of the personal mobile device or via a WIFI connections such as onboard the bus or bus stops.
6. Operating systems
 - a. Android 3.0 and above.
 - b. iOS – release by Mid April
 - iPad 2, iPad 3, iPad 4, iPad Air, iPad Air 2.
 - iPad mini, iPad mini 2, iPad mini 3.
 - iPhone 4s, iPhone 5, iPhone 5c, iPhone 5s, iPhone 6, iPhone 6 Plus.
 - iPod touch (fifth generation)

NOTE: Some individual devices may need “fine tuning”.

7. Languages – Release by Mid April
 - a. The App will have a Default Language as defined by the Bus Operator
 - b. Immediately after the initial installation the App will identify the default language of the Mobile Device and download the relevant text for the app from the central server.
 - i. Default Bus Operator Language will prevail if the Phone Language is not on the Server.
8. For Simplicity, the screenshots in this document are with Google maps, the final app, however, may be delivered with other map suppliers.
